FRONTEND DEVELOPER

CAREER SUMMARY

Highly skilled Front-End Web Developer with extensive experience in translating UI/UX designs into interactive digital experiences. Proficient in HTML, CSS, JavaScript, and various front-end frameworks. Dedicated to delivering visually stunning and functionally robust web applications. Passionate about pushing the boundaries of design and technology. Strives to create intuitive user interfaces that elevate the digital landscape and drive user engagement.

PROFESSIONAL SKILLS AND INTERESTS:

- Proficiency in Front-End Technologies especially Nextjs, Reactjs, Redux and CSS3.
- UI/UX Design Skills
- Responsive Design and Cross-Browser Compatibility
- Continuous Learning and Innovation
- Creativity and Design Exploration

SKILLS

- Programming Languages: HTML, CSS, JavaScript
- Frameworks: Reactjs, Nextjs
- Tools: Git, Tailwindcss, and Redux.
- UI/UX Skills: User Research, Wireframing, Prototyping, Information Architecture, Visual Design, Interaction Design, Usability Testing, User Persona Development, Accessibility, UI Component Design, Mobile Design, User Flow Mapping, A/B Testing, Iterative Design, and Collaboration.

PROFESSIONAL EXPERIENCE

Frontend Developer | Rvysion Studios, Nigeria | October 2023 - Till Date

- Utilized NextJs and Tailwindcss to craft intuitive and accessible web pages, ensuring seamless user interaction and navigation.
- Enhanced clients website performance and user experience through continuous maintenance and optimization, resulting in a 20% decrease in page load times and a 15% increase in user engagement metrics.
- Implemented strategies to optimize applications for maximum speed, resulting in a 25% improvement in overall site performance and a 30% increase in user satisfaction ratings.
- Solicited feedback from users and customers to inform iterative design improvements, resulting in a 20% increase in user retention and a 10% rise in customer satisfaction ratings.
- Assisted in the design of high-fidelity mockups and prototypes, enabling stakeholders to visualize and provide feedback on design concepts early in the development process, reducing rework by 30%.
- Provided assistance to back-end developers with coding and troubleshooting, accelerating project timelines and reducing bug resolution time by 20%.
- Maintained strict adherence to high-quality graphic standards and brand consistency, reinforcing brand identity and credibility across digital platforms.
- Remained abreast of emerging technologies and industry trends, proactively implementing new tools and methodologies to enhance efficiency and maintain competitiveness in the rapidly evolving digital landscape.
- **Key Achievement:** Collaborated closely with back-end developers and web designers to streamline processes and enhance usability, leading to a 25% reduction in development time and a 15% increase in user satisfaction scores.

PROJECTS

Frontend Developer| Oyple, Remote | June 2024 - till now

- Building a SAAS web app with Reactjs, Redux and Next.js designed for mainly two primary users: event creators and guest buyers..
- Developing features to facilitate seamless event management and a smooth shopping experience for users.

Frontend Developer| Renbiwomen.org, Remote | April 2024 - May 2024

- Developed an easy to navigate, dynamic and responsive website for Renbi Women Empowerment Initiative with a payment structure that allows the organization to receive both national and international payments with world class security measures.
- Collaborated closely with all stakeholders to ensure the project was properly set up via the website and enabled an easy and seamless way for volunteers to sign up and be a part of the empowerment initiative.

Frontend Developer | Henrywarleys.com, Remote | December 2023 - February 2024

- Drove the frontend development initiatives for a leading construction company specializing in top-quality concrete precast products, spearheading the creation of a visually compelling website to showcase the company's extensive product portfolio and industry expertise.
- Collaborated closely with cross-functional teams to ensure seamless navigation, optimize website performance, and enhance user experience, thereby strengthening the company's online brand presence and customer engagement.

Frontend Developer| Ibukunabejide.com, Remote | December 2023 - January 2024

- Utilized frontend development expertise to provide assistance to a customized online portfolio for the client, thereby optimizing performance and accessibility for diverse audiences.

Frontend Developer | Duniaed.com, Remote | July 2023 - February 2024

- Developed a dynamic and visually captivating website for Dunia, Africa's leading tech-enabled publisher of multilingual and animated environmental children's storybooks, interactive audiobooks, and edutainment materials, incorporating interactive media resources on climate change and other environmental themes, while ensuring seamless user experience and accessibility.

Frontend Developer | Alexoyebade.xyz, Remote | June 2023 - September 2023

- Contributed to the development of a client's portfolio website as a Frontend Developer, resulting in the client securing a full-time role. This initiative led to a remarkable increase of 150% in unique portfolio visits and a substantial 70% improvement in conversion rates.
- Crafted intuitive and engaging user interfaces leveraging expertise in UI/UX principles to enhance user experience.
- Designed and developed mobile-responsive features, improving mobile usability and increasing mobile traffic by 100% within a month post launch.

EDUCATION

- Bachelor's Degree in Computer Science| Madonna University, Nigeria | 2019 - 2024
